9. Promulgation of Administrative Rules Under Title 43, Texas Administrative Code, and the Administrative Procedure Act, Government Code, Chapter 2001:

a. Final Adoption

(1) Chapter 2 - Environmental (MO)

Amendments to §§2.1, 2.2, 2.5 - 2.8, 2.11, 2.12 and 2.14 (General Provisions), §§2.41 - 2.44, 2.46 -2.52 (Environmental Review Process for Highway Projects); §§2.81, 2.83 - 2.86 (Requirements for Classes of Projects); and §§2.131 and 2.134 (Requirements for Specific Projects and Programs); Repeal of §2.82 (Blanket and Programmatic Categorical Exclusions). Repeal of §§2.101 - 2.110 (Public Participation) and replacement with new §§2.101 - 2.110 (Public Participation).

This proposed rulemaking would permit additional flexibility, add clarity, and further streamline the environmental process. It would also make revisions to support implementation of Senate Bill 466, which was passed by the 83rd Legislature and allows the department to accept delegation of NEPA responsibilities from FHWA; provide consistency with the federal transportation reauthorization bill, MAP-21; and remove references to the department's regions, among other changes.

(2) Chapter 5 - Finance (MO)

Amendments to §5.11, Charges for Dishonored Checks (Collection

of Debts), §5.43, Methods of Payment and §5.44, Exceptions (Payment of Fees for Department Goods and Services)

These amendments provide rule changes related to charges for dishonored checks and to credit card acceptance limits and fees. They provide clarity to policy and remove barriers associated to the public using credit card as a payment method. Agency fiscal impact is minimal.

(3) **Chapter 12 – Public Donation and Participation Programs (MO)**

Amendments to §12.5, Landscape Cost Sharing Program, and §12.7, Landscape Partnership Program (Public Participation Programs)

These amendments update existing rules to allow individuals to participate as a type of eligible entity in the Landscape Cost Sharing Program and the Landscape Partnership Program in order to comply with House Bill 3422 from the 83rd Legislature. These amendments also standardize sign requirements through compliance with the Texas Manual on Uniform Traffic Control Devices.

(4) **Chapter 21 – Right of Way (MO)**

Amendment to §21.23, State Participation in Toll-Related Relocations (Utility Adjustment, Relocation, or Removal)

House Bill 2585, 83rd Legislature, amended Sections 203.092(a-1), (a-2), and (a-3), Transportation Code, that deal with shared responsibility for the cost of relocating utility facilities on toll projects, to remove the September 1, 2013, expiration dates and make those provisions permanent. This amendment conforms the rule to changes in the statute.

(5) **Chapter 28 - Oversize and Overweight Vehicles and Loads (MO)**

Amendments to §§28.20-28.22 (Port of Brownsville Permits)

These amendments alter the overweight corridor route used by the Port of Brownsville for the issuance of overweight permits as authorized by House Bill 3125 of the 83rd Legislative Session. This change will allow the Port of Brownsville to accommodate the permitting needs of additional businesses that are located in the port area.

10. **Office of Compliance, Ethics, and Investigations**

Office of Compliance, Ethics, and Investigations Report

State law requires the commission to establish a compliance program, which must include a compliance office to oversee the program. The compliance office is responsible for acting to prevent and detect serious breaches of department policy, fraud, waste, and abuse of office, including any acts of criminal conduct within the department. The compliance office is required to provide a monthly report to the commission regarding investigations and a summary of information relating to trends and recommendations.

11. **Unified Transportation Program (UTP)**

Approve updates to the 2014 UTP (MO) (Presentation)

The Unified Transportation Program (UTP) is a 10-year statewide plan for transportation project development. The commission approved the 2014 UTP in August 2013 and revisions to the 2014 UTP in December 2013. This minute order updates allocations based on funds transfer requests in multiple categories and revises project specific program lists. In addition, this minute order addresses initial designations of major transportation projects in accordance with criteria established in 43 TAC §16.106, incorporates information regarding transportation development credit awards and remaining balances, and includes minor revisions and technical corrections.

12. **Toll Roads**
Travis and Williamson Counties - Issue an order prohibiting the operation of certain motor vehicles on TxDOT toll projects (MO)
SB 1792, enacted by the 83rd Texas Legislature, created new enforcement remedies targeted at certain motorists with unpaid toll violations. Transportation Code, Section 372.110, authorizes the commission to issue an order prohibiting the operation of a motor vehicle on a TxDOT toll project if the registered owner of the vehicle has been finally determined to be a habitual violator, subject to certain notice requirements. A person commits an offense if the person operates a motor vehicle on a toll project in violation of the order. Subsequent offenses may result in impoundment of the vehicle.
13. **Contracts**
Award or reject contracts for maintenance, highway and building construction
These proposed minute orders contain information concerning the receipt of bids for highway improvement contracts. The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. Contract award conditions may involve securing funding from other sources, the contractor's ability to satisfy federal DBE subcontracting requirements, or other requirements as outlined in the project bid proposal.
