This minute order appoints a new representative from the Port of Galveston, who will replace the member from the Port of Freeport.
5. **Aviation**
Various Counties - Award state grant funding for airport improvement projects at various locations (MO)
State law authorizes the award of state funding for capital improvement projects. The airports listed in Exhibit A are eligible for award of these grant funds and the department seeks approval of the awards.

6. **Public Transportation**
- a. **Various Counties** - Award federal §5316 Job Access and Reverse Commute and §5317 New Freedom funds and transportation development credits to various transit agencies (MO)
The projects identified in this minute order reflect the award of remaining grant funds from the Federal Transit Administration's §5316 Job Access and Reverse Commute and §5317 New Freedom programs to various public transportation providers for vehicles and program operations to serve low income individuals and individuals with disabilities. Transportation development credits are awarded to various agencies to assist with the match of federal funds for capital projects.
- b. **Smith County** - Award transportation development credits to the City of Tyler (MO)
This minute order awards transportation development credits to the Urban Transit District serving the Tyler urbanized area, for use as local match for capital projects.
7. **Promulgation of Administrative Rules** Under Title 43, Texas Administrative Code, and the Administrative Procedure Act, Government Code, Chapter 2001:
- a. **Final Adoption**
Chapter 10 - Ethical Conduct by Entities Doing Business with the Department
 Amendments to §10.6, Conflict of Interest (General Provisions) (MO)
The legislature has adopted a new revolving door law for state employees. - b. **Proposed Adoption**
- (1) **Chapter 9 - Contract and Grant Management**
 Amendments to §9.81, Definitions, §9.83, Notice and Letter of Interest, §9.85, Evaluation, §9.87, Selection, and §9.89, Qualification Requirements for Appraisers (Contracts for Scientific, Real Estate Appraisal, Right of Way Acquisition, and Landscape Architectural Services) (MO)
These amendments respond to the identified need for additional capacity in the contracting for Professional Real Estate Appraisal Services and Right of Way Professional Acquisition Provider Services in order to meet the demand for timely, cost effective and transparent delivery of right of way projects.
- (2) **Chapter 30 - Aviation**
 New §§30.501-30.503 (Meteorological Evaluation Towers) (MO)
The new sections implement Senate Bill 505, which was enacted during the 84th Legislative Session. 8. **Financial Assistance for Projects**

a. **Accept the Quarterly Investment Report (MO)**

This minute order recognizes the commission's acceptance of the quarterly investment report for investments of funds relating to financing of the Central Texas Turnpike System and held by the Bank of New York Mellon, acting as trustee.

b. **Bexar County - Alamo Regional Mobility Authority - Consider approving a request from the Alamo Regional Mobility Authority for: (1) cancellation of \$1,669,011 of the \$19,800,000 grant for development of the US 281 North Improvement Project that was authorized by Minute Order 111359 dated May 29, 2008; and (2) preliminary approval of a grant in the amount of \$1,669,011 to be used for the development costs of the Loop 1604 Managed Lanes Project (MO)**

The commission has previously provided financial assistance for the US 281 North Improvement Project and for the Loop 1604 Managed Lanes Project. Alamo Regional Mobility Authority (ARMA) is nearing completion of the environmental study for each project and anticipates a surplus of grant funds from the US 281 North Improvement Project and a shortfall of \$1,669,011 for the development costs of the Loop 1604 Managed Lanes Project. c. **Harris County - Authorize the Private Activity Bond Surface Transportation Corporation (corporation) to perform the functions necessary to promote and develop the SH 288 Toll Lanes Project finance plan including the issuance of private activity bonds and the loaning of any proceeds from private activity bonds issued by the corporation for the SH 288 Toll Lanes Project being developed through a comprehensive development agreement between the Texas Department of Transportation and the Blueridge Transportation Group (MO)**

In 2008, the commission created the Texas Private Activity Bond Surface Transportation Corporation to assist with the development and financing of transportation facilities. On February 26, 2015, the commission conditionally awarded the SH 288 Toll Lanes Project comprehensive development agreement to the Blueridge Transportation Group, which has proposed that the corporation issue private activity bonds for a portion of the financing for the SH 288 Toll Lanes Project. Pursuant to Chapter 431, Texas Transportation Code, the corporation, at the request of the commission, can perform the functions necessary to promote and develop the SH 288 Toll Lanes Project through the issuance of private activity bonds and the loaning of private activity bond proceeds to the developer for the SH 288 Toll Lanes Project.
