5. **Texas Freight Mobility Plan**
Adopt the Texas Freight Mobility Plan (MO)
The Texas Freight Mobility Plan (TFMP) fulfills the federal requirement to develop a performance-based, statewide, multimodal freight plan. This minute order adopts the TFMP as the department's first freight plan.

This minute order authorizes a temporary truck discount program and establishes temporary toll rates for Segments 1-4 of SH 130 and SH 45 SE. During the temporary period, March 1, 2016 to August 31, 2017, truck toll rates for trucks with more than two-axes will be the same as the two-axle rate during the weekday morning and afternoon peak periods. The purpose of the program is to reduce traffic congestion on I-35 by encouraging greater through trips of trucks on Central Texas toll roads.

- b. Authorize the department to enter into an agreement with other governmental entities related to the interoperability of toll collection systems (MO)

MAP-21 requires that all toll facilities on federal-aid highways implement technologies or business practices that provide for the interoperability of electronic toll collection programs. The SH 365 project includes three segments of construction of both toll and non-toll improvements from FM 396 (Anzalduas Highway) to US 281 (Military Highway) for a project length of 15.2 miles. Segments 1 and 2 are for construction of toll road improvements from FM 396 (Anzalduas Highway) to US 281 (Military Highway). Segment 3, which constitutes US 281 and the Border Safety Inspection Facility (BSIF) Connector, is a non-toll improvement from 0.45 Mile East of Spur 600 (Cage Blvd) to FM 2557 (Stewart Rd), and from Spur 29 (S Veterans Drive) to US 281 (Military Highway) below the San Juan Rd overpass.

Award or reject contracts for maintenance, highway and building construction

These proposed minute orders contain information concerning the receipt of bids for highway improvement contracts. The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. Contract award conditions may involve securing funding from other sources, the contractor's ability to satisfy federal DBE subcontracting requirements, or other requirements as outlined in the project bid proposal.
