8. **Financial Assistance for Projects**
- a. Cancellation of Pass-through Agreements
- (1) **Hood County** - Hood County - Consider (1) rescinding part of Minute Order 112755 to cancel the authority to enter into a \$20,554,000 pass-through agreement with Hood County for the construction of US 377 in the City of Cresson; and (2) removing \$20,554,000 from the allocation of funds in the pass-through program call approved in Minute Order 112685 (MO)

- (2) **Kaufman County** - City of Forney - Consider (1) rescinding part of Minute Order 112755 to cancel the authority to enter into a \$13,400,000 pass-through agreement with the City of Forney to widen FM 1641 from a 2 lane roadway to a 4 lane roadway; and (2) removing \$13,400,000 from the allocation of funds in the pass-through program call approved in Minute Order 112685 (MO)  
*This minute order rescinds part of Minute Orders 112755 and 112685 to cancel the commission's approval of a pass through agreement for the FM 1641 project and removes from the pass-through program the \$13,400,000 that was allocated to this project.*
- b. Consider approval of HB 2612 Toll Debt Reduction Criteria (MO)  
*HB 2612 requires that the commission provide criteria to identify bonds issued for toll projects that would be appropriate for accelerated or complete lump-sum payment of debt service.*

9. **Traffic Operations**

The department worked in conjunction with local jurisdictions in McLennan and Hill Counties to develop the proposed lane restrictions.*
  - b. **Request for Approval of Rail Clearance Deviations (MO)**  
*This minute order authorizes approval of two applications for rail clearance deviations, which are waivers from clearance provisions for structures over and alongside railway tracks. The applications are from the Fort Worth Transportation Authority and the ADM Grain Co in Hereford. The department has reviewed the applications and seeks approval of these waivers.*
  - c. **Harris County** - Designation of SH 99 as Mayor Bob Lanier Memorial Parkway (MO)  
*This minute order authorizes the Executive Director to enter into an agreement with Harris County to facilitate the posting of signs on SH 99 for Mayor Bob Lanier Memorial Parkway.*
10. **Regional Mobility Authority**
- a. **Hidalgo County** - Hidalgo County Regional Mobility Authority - Consider rescission of the prior designation of SH 365 as part of the state highway system; consider removal of the deadline that the HCRMA begin construction of SH 365 by August 31, 2016; consider approval of the termination of the Market Valuation Waiver Agreement between the department and the HCRMA; and consider approval of a request from the HCRMA to connect the 365 Toll Project with the state highway system (MO)  
*The 365 Toll Project includes the construction of Segments 1 and 2 of SH 365 as toll improvements from FM 396 (Anzalduas Highway) to US 281 (Military Highway). The commission had previously designated SH 365 as a project on the state highway system and set a deadline of August 31, 2016 for the HCRMA to begin construction. The HCRMA previously exercised primacy under a market valuation waiver agreement with the department. The HCRMA has since exercised primacy under chapter 373 of the Texas Transportation Code, and the parties now wish to terminate that agreement. Further, this action will remove SH 365 from the state highway system, approve the connection of the 365 Toll Project with the state highway system, and remove the deadline for the HCRMA to begin construction.*
  - b. **Smith County** - North East Texas Mobility Authority (NETRMA) - Approve the connection of the Toll 49 Segment 4 project to the State Highway System; approve the waiver of the requirement that the NETRMA reimburse the department for the use of department right-of-way; and authorize the Executive Director to enter into a project development agreement with the NETRMA for the project (MO)  
*This minute order approves the North East Texas Regional Mobility Authority's construction of a new tolled Segment 4 that will extend the current Toll 49 Highway System and will connect to the State Highway System. The Toll 49 Segment 4 project is approximately 7 miles in length and consists of one tolled lane in each direction from US 69 north of Lindale southerly to I-20 in Smith County. The project will use parts of department right-of-way to connect to existing department facilities, and this minute order waives the requirement that the NETRMA reimburse the department for that use of department right-of-way. This minute order also authorizes the Executive Director to enter into a project development agreement with the NETRMA for the project.*

11. **Contracts**

Award or reject contracts for maintenance, highway and building construction

*These proposed minute orders contain information concerning the receipt of bids for highway improvement contracts. The department may reschedule receipt of bids for those projects where the commission rejects all bids. Those bids accepted by the commission will result in conditional contract awards to the low bidders. Contract award conditions may involve securing funding from other sources, the contractor's ability to satisfy federal DBE subcontracting requirements, or other requirements as outlined in the project bid proposal.*
